### PROFESSIONAL SUMMARY

Highly motivated and detail-oriented Software Developer with strong expertise in MERN Stack, Python-Django, Flutter, and WordPress development. Seeking a challenging position in a progressive organization where I can utilize my technical proficiency, creative problem-solving skills, and passion for innovation to design and develop scalable, user-friendly, and high-performing web and mobile applications. Dedicated to continuous learning and contributing to a dynamic development team to achieve organizational goals while enhancing my professional growth.

### EDUCATION & CERTIFICATIONS

#### Master of Computer Applications (MCA)

APJ Abdul Kalam Technological University  
2022 | CGPA: 7.62

#### Bachelor of Science (B.Sc) in Computer Science

Mahatma Gandhi University  
2019 | CGPA: 6.66

### TECHNICAL SKILLS

- Programming Languages:** JavaScript, Node.js, Python, HTML, CSS, Flutter
- Libraries:** React.js, Redux, Bootstrap, Tailwind CSS
- Frameworks:** Express.js, Next.js, Django
- Databases:** MongoDB, MySQL, SQL
- Tools & Platforms:** Cloudinary, Multer, Git, WordPress, Postman, VPS, MS Office, Hostinger
- Other Skills:** JWT Authentication, REST API Development, UI/UX Collaboration, Version Control, Debugging & Optimization

### SOFT SKILLS

Problem-Solving and Analytical Thinking

Adaptability and Continuous Learning

Effective Communication Skills

Team Collaboration & Attention to Detail

Time Management

### PERSONAL DETAILS

Gender : Female

Nationality : Indian

Passport No : W2858222

Date of Expiry : 24/07/2032

Languages : English | Malayalam

### PROFESSIONAL EXPERIENCE

#### Full Stack Developer

##### Cloud7 Branding Studio | Oct 2024 – Sep 2025

- Developed and maintained MERN Stack and WordPress web applications, ensuring high performance and responsive design.
- Designed RESTful APIs and implemented secure data handling using Node.js and Express.js.
- Collaborated with UI/UX teams to optimize front-end components using React.js, Bootstrap, and Tailwind CSS.
- Deployed and managed web applications using MongoDB Atlas, Cloudinary, and Git version control.
- Conducted code reviews, debugging, and performance optimization for both client and internal projects.
- Integrated dynamic content management systems and plugins in WordPress to enhance site functionality.
- Managed full software development life cycle (SDLC), from requirement gathering to final deployment.

#### Software Developer Trainee

##### Mdigit Soft Solutions | Nov 2023 – May 2024

- Completed a full-stack project using the Python Django framework, integrating front-end and back-end functionalities.
- Worked on application development using Flutter and React.js with a Django back-end for API handling.
- Assisted in developing a Laravel-based web solution, gaining exposure to PHP and MVC architecture.
- Supported database management using MySQL and MongoDB, ensuring optimized query performance.
- Conducted technical interviews for developer trainee roles, contributing to team expansion and quality hiring.

### INTERNSHIP

#### Python Developer Intern

##### Camerinfolks Pvt. Ltd. | Feb 2023 – Jun 2023

- Completed a Python project using the Django framework, focusing on CRUD operations and user authentication.
- Learned and applied web technologies such as HTML5, CSS3, JavaScript, and responsive UI design principles.
